EDUCATION

Nazarbayev University   **Expected Graduation**: May 2022
B.A Computer Science
Relevant Courses:
Performance and Data Structures, Computer Systems & Organization, Programming Languages ,
Algorithms, Formal Languages, Discrete Math, Probability, Linear Algebra

SKILLS

Languages: Java , JavaScript, C++, Python, HTML/CSS, Bootstrap.
Frameworks/Technologies: Node.js ,Express, MongoDB, Mongoose, Git, React(basics).

EXPERIENCE

I am second year student and during these 2 years I have tried to work on my skills by participating online
platforms to improve my skills such as solving problems(acmp , leetcode) and joined online
platform(Javarush) and in my free time I bought several Udemy courses to finish. So I would say I am
curious to use my abilities in real work.

PROJECTS

Personal and Staff website | Full Stack
• Created personal website using HTML/CSS/jQuery
• Created personal informational(about universities) website using Node/Express,
MongoDB/Mongoose, HTML/CSS and Pug to template engine (All these works uploaded to
github).

MyFrame | iOS and Android
• One of the cofounder of the app that is functionalizing in app store and play market.

Turkestanmebel.kz | Landing page website
